ENGINEERED PUMPS & PRODUCTS GROUP

Commercial, Municipal & Industrial Markets

All Stainless Steel and Cast Iron/Stainless Steel Multi-Stage Vertical and In-Line Pumps. Sump and Sewage Pumps.

Homa submersible pumps provide superior hydraulic coverage with reliability and efficiency assured in permanent or portable installations, with Wet or Dry Pit applications.

Full-line of Vertical Multi-Stage Pumps, Stainless Steel Centrifugal Pumps, and Submersible Pumps.

End Suction, Double Suction, In-Line, Condensate Units, Sewage Ejectors, Sump Pumps.

Variable Speed Pump Packages, Water Booster Skid Systems, Heat Transfer Skid Units, Pump Skids and House Modules. Water and Sewage Lift Stations. ETL Listed Category 225.

Submersible Non-Clog and Grinder Pump Stations in concrete and Custom Fiberglass basins. Dry-Pit Pump Systems in concrete.

**MTH
Pumps**

MTH Pumps are a series of highly vertically integrated regenerative turbine, centrifugal, sealless pumps.

Provides Grinder Pumps, Grinder Pump Systems, Non-Clog Dry Pit Pumps, and Self Priming Pumps.

Leading innovator/fabricator of Steel Storage Tanks, products and Waste Water Treatment Systems.

End Suction Centrifugal Pumps, Self-Priming Centrifugal Pumps, Multi-Stage Pumps and Variable Speed Pump Controllers.

Leading manufacturer of Close Coupled Centrifugals, Self Priming Centrifugals and Regenerative Turbine Pumps.

Products range from Horizontal and Vertical Centrifugal Process Pumps to Submersible turbine pumps.

Full line of Variable Speed AC Motor Drives, Intelligent Pump Controllers.

Provides Standard and Special Pump Control Panels, Alarms, Liquid Level Controls and related Products.

2hp to 15hp Grinder Pumps with lifts to 260 feet and flows to 190 GPM. Non-Clog 1hp to 125hp, custom designed controls and alarm panels.

AUTHORIZED WARRANTY and REPAIR CENTER

24 Hour Planned and Emergency Service, Service Contracts and Extensive Parts Inventory.

HOMA, GRUNDFOS, HYDROMATIC, MYERS, CRANE and more

Pump Repairing and Rebuilding Specialist

FJ Smith

Blake's Engineering division provides single source packaged pumping solutions for waste water, fresh water, and storm water applications such as sanitary waste booster, storm water, chilled water and heating water applications. F.J. Smith offers complete service on pumps, pumping packages, and control systems with its insured, OSHA trained technicians on call 24/7/365.

Blake Equipment Offers

Complete Pump Service Centrifugal, Diaphragm,
Turbine, Sewage, Gear

Field or Shop Repair Service for All Makes of Pumps
