### PUMPS

**HOMA Pump Technology- Different by Design-** SUBMERSIBLE AND DRY PIT NON-CLOGS 1.5"-12" discharge 2-200 HP 50-7000 GPM 3450-890 RPM 250 ft head GRINDER PUMPS Up to 180 GPM 230' head 2" discharge. Explosion proof High Temperature Corrosives

**FE Myers-Pentair Water-** 2-15 HP grinder pumps with lifts up to 260' and flows up to 260 gpm. Non-clogs 1-125 HP.

**Burks Pumps- Crane Pumps and Systems-** Close Couple centrifugals, self priming centrifugals and regenerative turbine pumps.

### DEMING PUMPS

**Burks Pumps- Crane Pumps and Systems-** Horizontal and vertical centrifugal process pumps to submersible turbine pumps.

### Grundfos BoosterpaQ®

**Grundfos- VFD** Up to 3800 GPM 0-500 Feet Head 1-50 HP(300 HP Max 6 pump system) 232 PSI max working pressure Fluid temps 32°-176°F 104° ambient

**Grundfos- Boiler Feed Condensate and In-line Pumps** Close Coupled End Suction Booster Pumps. Max head 995' Max flow 3800 gpm -22 to 356 degrees F

**ITT Goulds- G & L Pumps-** End suction Centrifugal up to 5000 GPM and 400 TDH Multi-stage up to 350 GPM and 800 TDH Self Priming Line Shaft turbines Submersible Turbines Aquaforce Booster Systems VFD controllers

**Berkley-** Full line of vertical multi-stage pumps, steel centrifugal pumps and submersible pumps.

**Weinman Pumps and Systems-** Comprehensive offering of fluid handling solutions and systems for myriad commercial, industrial, municipal and HVAC applications.

### PUMPING ACCESSORIES

**CSI-** Standard and special pump control panels, alarms, liquid level controls

**Highland Tank-** Steel storage tank products ASME

**Blake Water Systems-** Water softeners, filters and treatment and pre-treatment equipment for use in commercial, industrial and small to mid-sized public water systems.
